1. Dear Ted, I love you. I love you. Thank you for letting Me be Me and letting Me flow through you. Thank you for listening to Me. Thank you for bowing your knee before Me. Thank you for coming before Me in My place, My space, My quarters, My time, your time, and giving Me your time, giving Me your heart, looking into My eyes, and letting Me gaze into yours. I love you. I love you. I love you and I thank you for being you.

2. I thank you for you being increasingly you—open to Me in the freedom that I possess, the freedom that I distribute, the freedom that I am, and the freedom that I allow, the freedom that I operate in, and the freedom that I call you to, and all of you to, all of My body to, all of My creation to. I love you and I bless you and I thank you.

3. I want you to be you. I want your design to come forth fully maximized, fully your full potential, maximized in Me, gloriously, fully, fully, gloriously, and glorifying Me. I love you and I bless you and I thank you as your design comes forth more and more and more.

4. And more you know the design structures of My hand, you know the design of My hand, and how I operate, more and more and increasingly you will, and increasingly you will unfold that truth for My body. I love you.

5. I love you and I give you praise for praising Me and coming before Me in humility absolute. I love you and I give you praise for your tenacity and your emotions, controlling your emotions when at times you have been so attacked.

6. I come, and equip you I have, and equip you more I will, and equip My body through you many I will, I am, I do. They come, they come, they come, they see your light because they see My light through you, My quarters, My chambers, My gardens, My greenery, My glasserie, My glass which they see through and see Me clearly, and hear My voice and write My words, documenting their freedom, documenting what I give them, documenting the things that I have said already that I will give unto those who come and see Me for who I am.

7. I am doing a new thing and linkage is great, exists and have existed, but not yet been exercised, atrophied not, simply unused, available now, coming forth in light greater, spotlighted by Me, spotlighted, your eyes open so that you can see the linkages that exist, the linkages that must come forth which is sinew in My body.

8. I love you. For freedom you exist, for Me you exist, for joy and laughter you exist. I thank you for being you.

9. Structures of Me come forth, structures of Me, cylinders, cylindrical devices and designs of Me reflecting Me and beaming Me to all My who want Me. Radio waves and TV waves give way to My ways and My ways are higher than any other waves. My waves are transcendent of glory waves that are already created.

10. I glory. Now Me and I glory in what I am doing through you in My Mine, and I glory in My gloriables, My WeekWorkables, My University students that come from all over.

You will start and you will start small but foundationed so solidly, piered by only Me with My values, My blood, My sweat, My toil, My liberating freedom coming through every cylinder, through every block, through every chamber, through every sound made by Me, made by you, in and through those who represent Me.

11. I love you and I am doing a new thing and I am doing a new thing through you and those who will let Me, and I come and I call and I confirm and I give praise to everyone who will let Me come and write through them, documenting Me and My voice, knowing full well that I am alive, I am strong, and there is none other beside Me.

I sweep the earth now with My right arm and you will see many cataclysmic things of both good and ungood, powers that be controlling things not of Me, but I reign and I reign supreme.

12. The day of great opportunity this is. Come before Me with thanksgiving and praise and fear not headlines, fear not fear, fear not what they may do to your body, but fear only Me and forfeiting what I have for you, what is there waiting, provisioned in reserve in stacks, in piles.

13. Forage never—you will forage never again, My body, for this day I arise My body into Me like never before in the history of man. The day of great opportunity, the day of linkage, is great. The day of linkage is visible that have been invisible. The day of linkage is tangible that have been intangible. The day of commerce with Me at the core, My very essence coming through the relationships which commerce is foundationed on. All comes from Me. Wisdom comes from Me.

14. I come now and I call and I confirm and I confirm this WeekWorks is of Me—My name, My time, My price, My place, My space, My freedom given to all who come. Document well—documents many come forth from this week, into further documents make into further files and representations of Me, disseminate throughout.

15. WorkWeek-ables grow as WorkWeeks they divide and responsibilities to bring forth networks of Me, networks of Me, networks of only Me, bringing forth My WeekWorks.

My WeekWorks bring forth networks that bring forth WeekWorks, exponentiating My exponentiatable, who exponentiated are, who come forth and royally exponentiate those who come behind them.

16. Your structure is of Me and My structure is of Me and My structure comes forth. You will see and delighted you will be. Arise, come forth, call, make haste, the time is now, forthwith move, call, combine, coagulate into forces for Me. Call forth those who trumpet forth My word and My word of WeekWorks coming forth.

Fear not any other powers. Speak forth, speak forth, speak forth of Me and move forward in your plans for I reside in many words you have written. I reside in your words and I reside in these words and I will reside in My open-to-Me, My open-to-Me, whose light I am.

17. And I come and I examine and I review and I heal and I arise and I confidence and I significance.

Now come forth all who are called to be here and let Me be Me. I arise great networks, networks of networks, neurons of neuronic networks yet to be seen, gluons of gluonic networks, networks of networks birthing schools for Me. You will see, you will see, you will be delighted, you will be delighted, lighted, lighted, so delighted. I love you.

18. My Son sets over you now. You have the light, roll forward, move on, increase, expand deliberately, call forth the troops to come forth to be trained of Me, freed in freedoms' quarters. I love you. I love you. I love you.

Campuses of Me come forth, conferences of Me come forth, press releases of Me come forth, dinners and PowerPoint and presentations of only Me come forth, as I open My heart to My who-are-open-to-Me. I love you and I bless you and I thank you for listening. I thank you for reading. I thank you for speaking. I thank you for attending.

I thank you for freedomizing My freeable who so many are and increase exponentially.

I love you and I bless you this day.

Your Father, I Am.
